Directions to Sherpa Design: get there.

Take I-5 North to exit 302-B, which merges you onto I-405 toward St. Helens. After crossing the bridge, keep to the right and merge onto Highway 30 W via Exit 3 towards the NW Industrial Area – St. Helens. Travel on US 30 for about 4.8 miles towards the St Johns bridge.

At the stoplight just before the St. Johns Bridge take a LEFT onto NW Bridge Avenue. Head up the hill and head East over the bridge. At the stoplight take a LEFT onto N. Ivanhoe/Rivergate. Go (2) blocks and at the light take a LEFT onto Baltimore. Proceed down Baltimore for about 4 blocks to the large orange building on your right, Cathedral Park Place.

Between the hours of 7:30 am to 4:30 pm you are welcome to use the inside parking garage. The entrance is on the right just as you first start to pass the building. Once in the garage proceed to the far back entrance near the large "Titanium" sign on the NW side of the garage. Go through the door and enter the hallway. Take a right, go down the hall, take a left and we are in Suite 231.

After hours, enter the building on the north/back entrance. Heading down Baltimore, go past the building and take a right onto N. Bradford. Follow the train tracks and as you come around the building stay to the right and head up the slight hill. Park near docks M or N and enter the building through the door on the deck. After 4:30 pm you will need to have someone let you into the building. Head down the hall, take a right, and we're in Suite 231.
